

SP7

7th International Conference on Semiconductor Photochemistry

11-14 September 2019, Milano, Italy

Special Issue on **Surfaces**

On the occasion of the SP7 Conference the Open Access Journal *Surfaces* will edit a special issue entitled ***Surface Aspects of Semiconductor Photochemistry***, E. Selli and M.V. Dozzi eds.

Surfaces (ISSN 2571-9637) is an international MDI open access, peer reviewed journal launched in 2018, covering all aspects of chemistry and physics occurring at surfaces, interfaces and thin films.

We invite you to contribute a paper in this Special Issue. There is **no article processing charge** for manuscripts sent before the deadline.

Please prepare your paper according to the journal format and proceed with your submission at the journal website:

https://www.mdpi.com/journal/surfaces/special_issues/semiconductor_photochem

The deadline for submission of the papers is November 30, 2019
